Program Cancellation & Refund Policy

The program cancellation and refund policy outlined below will be strictly adhered to in order to ensure consistency and fairness across all programs and participants.

- a. Application and program payments are non-refundable unless the program is cancelled by States' 4-H.
- b. Should States' 4-H cancel this program due to lack of sufficient participation or for reasons beyond its control which makes it unsafe, illegal or impracticable to carry out the program, States' 4-H will refund each delegate all money previously paid on behalf of that delegate, EXCEPT the application fee and cost of the airline ticket(s). Airline tickets are non-refundable once purchased. It is possible that an airline will provide credits for unused tickets, but this is not guaranteed.
- c. Should an individual delegate cancel their participation for whatever reason after being accepted into the program (acceptance letter will be sent around early January), the following cancellation fees will be applied:
 - No refund of paid program payments or deposits.

It is strongly recommended that the delegate obtain trip cancellation/trip interruption insurance to cover lost deposits/payments and any non-medical expenses incurred due to trip cancellation or trip delays for covered reasons.

Travel Provisions

- A. Domestic Flights
 - a. **Applicants will purchase their own domestic roundtrip air tickets and baggage fees on the designated dates from their home airport to the National Orientation site located at the designated gateway city.** Confirmed flight itineraries must be sent to States' 4-H by April 1, 2024.
 - b. We recommend that you purchase a "changeable" domestic air ticket.
 - c. We strongly recommend that you purchase a "non-stop" flight, if available.
- B. International Flights
 - a. **International flights will be arranged and purchased on behalf of the applicant by States' 4-H in February. The airfare cost plus any applicable taxes and travel agent fees will be charged to the applicant. These costs are non-refundable and non-transferable once issued.** If a delegate or family wishes to **purchase trip cancellation/trip interruption insurance**, it is their responsibility to research and purchase an appropriate plan.
 - b. Flights will be booked using the applicants' **full name** and **date of birth** as indicated in the *Personal Information* section of the Outbound application. It is the applicant's responsibility to **ensure that their name and date of birth exactly matches their passport**. In the event that an applicant does not yet have a passport at the time of application, they should ensure that they apply for one using the *exact* name that they recorded on the application. Any additional airfare and/or ticket change fees that occur as a result of an incorrect name/date of birth are the responsibility of the applicant.
 - c. Applicants **MUST** adhere to the international itinerary purchased on their behalf by States' 4-H. Applicants may not 'extend' their travel or modify their itinerary in any way.
 - d. Applicant's airline miles cannot be used to purchase international flights.
 - e. In the event of an unanticipated world incident (such as an international health crisis, natural disaster, etc.) States' 4-H will make every effort to *delay* international ticket purchasing to continue monitoring the situation and to mitigate potential financial risk to families.
- C. Baggage Policy

Applicants are required to bring only **one** checked bag during international travel. All checked baggage fees incurred on domestic and/or international flights are the responsibility of the applicant.
- D. Passport Information

E. Unaccompanied Minor Fees on Domestic Flights

Based upon their age and the airline requirements, in some instances applicants may incur Unaccompanied Minor fees during their domestic travel. While these policies vary by airline, the general policy is that a traveler is considered an "Unaccompanied Minor" if they are **under the age of 15** and are *not* traveling with anyone 18 years of age or older. Unaccompanied Minor fees are approximately \$150 each way. Any Unaccompanied Minor fees incurred during the participation in a States' 4-H Outbound Program are the responsibility of the applicant.

Adult Chaperones

- S4-H will provide adult chaperone(s) for every 10 delegates to escort the group on international flights and will be in country during the entire stay. For international flights that involve a connection, a minimum of two chaperones will accompany the group of delegates on the flights. Additionally, our international partners have adult staff/volunteer in country during the entire stay.
- The designated lead chaperone for each country will be an adult of at least 25 years of age who has experience working with youth and has passed a criminal background check within the past two years. All other chaperones may be 19 years of age or older who have experience working with youth and have passed a criminal background check within the past two years.
- Please note that no chaperone is provided on the domestic flights going to and from the orientation site located at the U.S. gateway city.

This insurance provides coverage for accidents, injuries, or illnesses that occur and are treated while the delegate is out of the Home Country. The insurance coverage is limited to a \$250,000 maximum medical expense per person. The applicant is responsible for any medical expenses above and beyond, including coverage determined to be in excess of *reasonable and customary*, as defined by the insurance provider. **Program insurance does *not* cover preexisting conditions nor the treatment of mental and nervous disorders, nor does it cover medical expenses arising out of participation in a high-risk activity as noted in the "Safety Guidelines" section above. The delegate and his/her parents/guardians are advised to read the full text of the insurance policy to fully understand the coverage, limitations and exclusions.**

Vaccinations & Health Precautions

States' 4-H requires that all applicants have routine vaccinations² completed prior to travel. In the event that a specific vaccination(s) is required for entry into a country of travel, applicants must also receive that appropriate vaccination prior to international travel. For all other vaccinations, States' 4-H recommends that applicants consult their physician and follow the guidance of the Center for Disease Control (CDC) for their destination country. In the event that an applicant does not receive their routine vaccinations due to personal or medical reasons, they must complete a vaccination waiver form prior to international travel.

Please note that some international partners organizations, airlines, and/or governments may require specific vaccinations for international travel, such as a COVID-19 vaccine. In addition, they may require a negative COVID-19 PCR test for entry and mask-wearing during travel. In such cases, a vaccination waiver may not be accepted.

Host Family Placement

States 4-H relies upon our International partner organizations to follow a prescribed procedure in placing our delegates with a volunteer host family who have been screened, interviewed and received an orientation by their organization representative.

International partner organizations make every effort to successfully place delegates with host families. In rare cases, delegates may have substantial medical conditions that present unique challenges and/or require unique knowledge or experience on the part of the host family to ensure the delegates' safety and well-being while abroad. In rare cases, medical conditions may result in late placement or non-placement of the delegate if the care required is above and beyond what a host family can be expected to provide. In the case of specific medical conditions and/or allergies, States' 4-H will request additional supplemental medical information as required by our partner organizations.

In their application, applicants may request to be placed with a specified host family in their preferred country of travel ("docking request"). While every effort will be made to place the delegate with the requested host family, please note that this placement is not guaranteed.

Please note that for the Argentina program, there will be no host family placements. Delegates will be placed in lodging accommodations in Cordoba that has been properly vetted by our local partner organization for safety, security, and comfort. Members of opposite genders will *not* share rooms.

Program Evaluations

At periodic intervals throughout the program, States 4-H may administer program evaluations to assess participant outcomes and identify ways to improve future programming. Participants must complete all program evaluations as part of their participation in the States' 4-H Outbound Programs.

We have read and understand the above terms and conditions and agree to them.
